PRODUCT SPECIFICATION SHEET
Product Title: 10m VGA Monitor Connector Cable - Male to Male - Fully Wired
Product Code: 26-0100MM | Brand: **connekt**gear

DESCRIPTION
Our VGA cables transmit a standard analogue video signal between a computer and a display device, such as a monitor, projector or TV. Featuring a 15 pin connector on each end, the VGA cable carries high resolution video signals and is commonly used with legacy devices. Known for its reliability and versatility, it supports resolutions up to 1920×1080p (Full HD) depending on cable quality and device compatibility. Ideal for office setups, presentations, and extending displays, a VGA cable remains a trusted choice for connecting visual output devices in both personal and professional environments.
