PRODUCT SPECIFICATION SHEET
Product Title: 24 Port Patch Panel (Cat6) IDC Punch Down 19 inch + Lacing Bar
Product Code: 90-0030/LB | Brand: **connekt**gear

DESCRIPTION
Our CAT6 patch panel is designed to manage and organise your network connections, featuring 24 ports on the front for easy access and the corresponding termination points on the back. It also features removable cards on the front of the panel for personalisation which allows you to connect cables from your PCs, printers and router without error. These are commonly used in data centres and telecommunications rooms to simplify network management. This also includes a lacing bar to avoid cable stress and help keep them tidy.
