25m VGA Monitor Extension Cable - Male to Female - Fully Wired

Brand: **connekt**gear
Code: 26-0250MF
Box Qty: 4

Why do you need it?

You need to extend the distance from your VGA source to your display device that features a VGA socketwith a cable that will give you an accurate display without fuzzy images.

What does it do?

VGA (Video Graphics Array) is an analogue technology that carries a high definition video signal between a PC and a monitor or TV. Use this cable to extend that distance.This cable can reach a great distance without diminishing the quality of your viewing experience, so that you can get the most out of your devices.

Product Details

- Full HD display 1920 x 1080 pixels resolution
- Coaxial cores create a higher grade cable helping eliminate ghosting and fuzzy images
