

DESCRIPTION

Our module and input cable set is specifically engineered to support the latest standard for ultra-high-definition video. This system is 8K resolution at 30 Hz, enabling the seamless transmission of uncompressed video with exceptional clarity and detail. This capability is crucial for maximising the performance of modern large format displays, touchscreen and demands of a professional AV installation.

Due to the signal integrity requirements of 8K resolution, we include both the input and output cables within this set. This ensures a complete solution that eliminates potential signal degradation caused by incompatible third-party cabling, guaranteeing optimal performance right out of the box.

- PRODUCT DETAILS**
- Snap in modular design (5m cable length)
 - 2m HDMI input cable
 - Robust & versatile construction
 - Integrated anti-pullout cable retention
 - Superior long-term connection durability
 - Lifetime warranty

- TECHNICAL SPECIFICATIONS**
- 8K HDMI @ 30Hz
 - 4K HDMI @ 60Hz

PACKAGING SPECIFICATIONS

Box Quantity: 15
Pack Type: Bag
Dimensions: 255(W) x 320(H) x 0.2(D)mm
Material: Bio Materials
Weight: 0.44
Gross Weight: 0.4000kg
Country: PR China
Barcode: 5035624069022
