

DESCRIPTION

Our USB Type C 65W charger is the ideal solution when you need fast, reliable power for your everyday devices. Whether you're charging a smartphone, laptop, or tablet, this versatile charger delivers consistent high speed performance to keep you connected and productive.

With powerful 65W output, it’s designed to handle everything from quick top-ups on your phone to efficiently powering larger devices like laptops. The included 1.8m cable provides added flexibility, giving you the freedom to charge comfortably at your desk, bedside, or workspace without being restricted by short cables.

Built for convenience and reliability, this charger is perfect for both home and professional use. Its universal USB Type C compatibility makes it a practical all-in-one charging solution, reducing the need for multiple chargers and helping keep your setup simple and organised.
