

DESCRIPTION

Our punch down tool is designed for cutting, stripping and inserting wires into IDC terminal sockets allowing you to get the accuracy required when terminating cables. Equipped with a spring loaded blade, it cleanly cuts off any excess wire and ensures the wire is fully inserted into the terminal before cutting. The hook also helps remove any existing or incorrect wire from the socket.

- PRODUCT DETAILS**
- Impact punch down action
 - Spring loaded blade
 - Fold away hook
 - Lifetime warranty
